

600x1200mm

THE ART OF
BEAUTIFUL LIVING

STORY

It has been our pleasure to serve as one of Morbi's renowned tile companies. Monza is an ISO 9001:2008 & CE certified company. Since decade we have been procuring raw materials at Gujarat's Morbi region, the Ceramic hub of INDIA.

Our expertise dwells in manufacturing, plant maintenance, quality production and marketing of ceramic tiles. Deep understanding and knowledge of advanced technology from Italian ceramic machinery pioneer has enabled Monza to produce top class commodities.

Several lab tests are responsible for the unquestionable quality and fabulous finishing of each Monza tile.

However, though the Calibro Planar machine imported from Italy is no less than a magic by monitoring the dimensions and thickness of tiles. Sincerest efforts of our employees and team members are something that keeps us going smooth and growing.

DESIGNING
A BETTER FUTURE

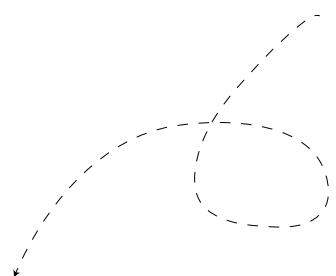

SIZE >

**600x
1200 mm**

Step into a world where elegance meets versatility with our 600x1200mm tiles a perfect blend of contemporary design and timeless appeal. Crafted with precision, these tiles redefine spaces with their seamless aesthetics and functional excellence.

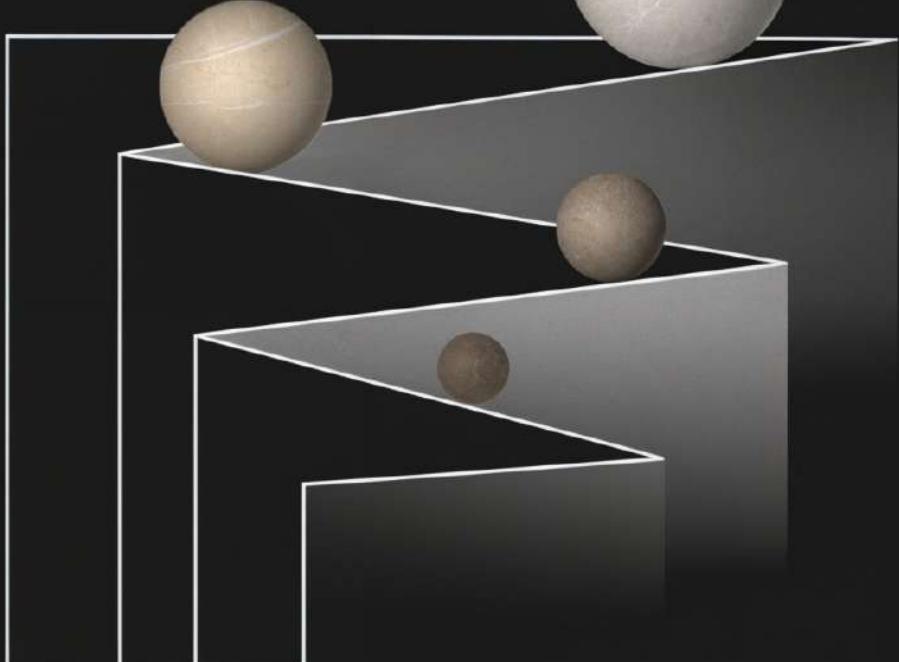

Design Beyond Expectations

Immersing ourselves in the perfect blend of artisanal mastery and innovative technology, we unveil EternaQuartz, a surface that redefines modern luxury. Crafted to elevate your spaces with a harmonious union of contemporary sophistication and timeless design, it tells a story of enduring elegance. Its flawlessly smooth finish and subtle hues exude understated charm, while its robust composition ensures unparalleled durability. EternaQuartz balances form and function, creating a seamless flow of beauty and practicality.

DESIGNING A BETTER FUTURE

Immersing ourselves in the fusion of craftsmanship and cutting-edge technology, we present Opulent Stone, a surface that embodies the essence of sophistication. Designed to enrich your spaces with a seamless blend of heritage and modernity, it speaks a language of timeless allure. Its refined texture and delicate tones evoke an everlasting charm, ensuring a harmonious balance between aesthetic grace and functional excellence. With a finish that captivates the senses, Opulent Stone transforms every surface into a statement of elegance.

CHEMICAL PROPERTIES				
Chemical resistance	No damage	No damage	No damage	ISO-10545-13
Stain resistance	Resistant	Resistant	Resistant	ISO-10545-14
SAFETY PROPERTIES				
Slip resistance	As per mfg	> 0.40	> 0.40	ISO-10545-17
Fire resistance	As per mfg	Fireproof	Fireproof	N. A.
Lead & Cadmium given off by glazed tiles	As per mfg	Does not yield	Does not yield	ISO-10545-15
Pb & Cd	Pb & Cd			

Packing detail

Size	Thickness (approx.)	Pieces / Box	Area / Box	Wt./Box (approx.)
600x1200mm	9 mm	2 pcs.	1.44 sq. mtr.	29 kgs.

Tiles laying instructions

- 01 Plaster the surface of the floor to be tiled smooth and complete the plastering and curing at least two hour prior to tiling.
- 02 Before fixing MONZA GVT, lay them out in desired pattern and make sure that they give acceptable blend of colour. Please note that certain amount of shade variation is inherent in the manufacture of a fully vitrified ceramic tile. **THE COMPANY WILL BEAR NO LIABILITY AFTER THE TILES ARE FIXED.**
- 03 For fixing MONZA GVT, we recommend the use of the tile fixing adhesive for best result. Also follow the tile fixing instructions provided along with adhesives.
- 04 For fixing MONZA GVT on the floor using sand and cement follow the instructions given below:
 - Use cement and sand mortar in the ratio of 1:4 add some water to create a consistent paste.
 - Once the mixing has been completed do not add any further water and the same within one hour.
 - Apply a 20-30mm layer of bedding material over an area of 1 square meter at a time on the surface of the area. Apply a fine slurry to the back of the tile to ensure proper and dull bedding. Press gently for even adherence at the back of the tile. **DO NOT USE IRON HAMMER OR SOME HEAVY MATERIAL TO PRESS THE TILES.**
- 05 For fixing MONZA GVT on dado, we recommend the use of adhesive. Please follow the manufacturer's instructions for the same. We do not recommend the use of sand and cement for fixing on Dado.
- 06 Mark and lay out the tiles from the center of the area to be tiles so that cut tiles. If any will be on the outer edges towards the walls.
- 07 The work size which we try to maintain for better technical performance is 600x1200mm & 195x1200mm on average. It is advisable to maintain a gap of 1mm to 2mm between every two tiles to allow for possible expansion as per BIS/EN tolerance norms. This would give the coverage area as mentioned in the cartoon.
- 08 Complete the tile laying process by pressing the center of the MONZA GVT firmly into place along the walls/floors.
- 09 Allow 3-4 days for bed curing. After this period fill the joints with grouts.
- 10 Fifteen minutes after finishing the grouting process, wipe off excess grout with a damp sponge and polish the tiles with a soft and dry cloth for a clean surface. The tiles can also be cleaned by mild acid (However Hydrofluoric Acid and its derivatives should not be used)
- 11 Please note that the company does not accept any liability in case of problems arising out of non-adherence to these fixing instructions.
